EDUCATION

Master of Arts, 2004

University of Alberta, Alberta
Thesis: *Anthropological Soils of Two Norse Farm*

Bachelor of Science (Hons), 1997

Lakehead University, Ontario
Thesis: *Viscous Remanent Magnetic Dating, Topholme Abbey, Lincolnshire*

EMPLOYMENT EXPERIENCE

Archaeologist

Cameron Heritage Consulting Incorporated April 2014 - Present, Petawawa ON

- Own and operate of a small business offering archaeological consulting services in Ontario, primarily focused on Environmental Assessments in Renfrew County.
- Involved with over 35 archaeological assessment projects of which 27 were under my Ontario Professional Licence (P371).
- Provide children's and public programming in archaeology for museums, libraries and community services.
- Involved with non-consulting archaeology projects such as the update of the archaeological potential map for Canadian Nuclear laboratories, the development of a Sustainable Archaeology Research Program at Canadian Nuclear Laboratories, and a relict shorelines model for the Algonquins of Ontario.

Archaeologist

Stantec (Formerly Jacques Whitford) April 2012-September 2013 Ottawa, ON and
May 2008-November 2011 Fredericton, NB

- Co-ordinated, organized, conducted, and managed all the different stages of fieldwork (e.g., site reconnaissance, testing, monitoring, excavation) of 26 archaeological assessments under my professional license, and worked on an additional 16 archaeological assessments as an archaeologist.
- Supervised field crews up to 12 people,
- Catalogued artifacts, conducted research, and wrote reports.
- Wrote proposals, final reports, and created maps.
- Coordinated with clients and liaised between departments
- Researched business potential for the Environmental Services Group in Renfrew County and connected with local business to promote the service line,
- Created budgets and worked within budgets,
- Conducted historical and archaeological document research,
- Assisted in different areas (Mapping, Soil sampling, First Nation consultation, wetland delineations, bird surveys)

Archaeologist

Aresco Ltd. November and December 2007
Calgary, AB

- Lead archaeologist on a heritage resource impact assessment of the mitigation of the historical Beacon Hill site in the Coal Branch, Alberta.
- Held the archaeological permit and supervised the field crew
- Coordinated with clients,
- Organized and conducted fieldwork including shovel testing, unit excavation, backhoe excavation, and site survey;
- Wrote reports.

Archaeologist

The Archaeology Group 2006-2007
Edmonton, AB

- Conducted heritage resource impact assessments, and historical and archaeological document searches
- Held archaeological permits, and supervised field crews
- Organized, conducted, and managed fieldwork,
- Analyzed artifacts, and created maps
- Wrote final reports.

Phone: (613) 281-3838; Email: Courtney@CameronHeritage.com

Project Assistant

2005-2007 Edmonton, AB

Ministry of Tourism, Parks, Recreation and Culture; Royal Alberta Museum

- Project Assistant to the Director of Capital Development for the \$200M Renewal Project.
- Conducted research, and organized projects, and built and maintained several databases for data tracking.
- Liaised between multiple departments, government ministries, and contractors,
- Collected data, and ensured that it was incorporated into the project at the appropriate stages.
- Maintained schedules, organized meetings, and assisted in budget planning.

Independent Contractor

2004-2005 Edmonton, AB

- Conducted over 400 archaeological and historical site file searches of various sizes and complexity for 14 archaeological consulting companies located within Saskatchewan, Alberta and British Columbia.
- Collated government archaeological and historical data pertinent to archaeological investigation for clients.

Staff Archaeologist

Altamira Consulting Ltd

2000-2005 Edmonton, AB

- Conducted 39 Heritage Resource Impact Assessments which included managing and organizing archaeological projects through all stages of archaeological investigation.
- Held 6 archaeological permits, and conducted initial project analysis,
- Coordinated with clients, conducted fieldwork, and led field crews,
- Wrote reports, and created maps through GIS,
- Analyzed and catalogued artifacts, and
- Conducted historical and archaeological document searches

Research Assistant

2001 Edmonton, AB

Dr. Ray Le Blanc, Anthropology Department, University of Alberta.

- Translated articles, edited documents and collated cultural resource management data.

Teaching Assistant

1999-2000 Edmonton, AB

Dr. Franka Boag and Dr. David Anderson, respectively; University of Alberta.

- Directed seminars, proctored exams, and helped students understand course material.
- Marked assignments and exams, and kept a record of students' marks.

Archaeological Technician

1998 Lauder MB

Dr. Scott Hamilton and Dr. B.A. Nicholson; Brandon University, Manitoba.

- Participated in the excavation of the Lauder Archaeological Research Project, Manitoba
- Excavated, cleaned, and catalogued artifacts.

Archaeological Technician

1998 Brabant Lake, SK

Sandra Pentney and Dr. Margaret Hanna; University of Saskatchewan, Saskatchewan.

- Participated in archaeological survey and excavations of archaeological sites in the
- Brabant Lake area of Northern Saskatchewan.
